East of England Agricultural Society Education Programme

Hands-on Learning Experiences
 for School Children

2019 Programme

Now in its seventh year, Kids Country has established itself as an inspiring educational destination for teachers and educators looking for innovative ways to stimulate and inform their Key Stage 1 and 2 students.

Our exciting events run throughout the academic year, and we pride ourselves on delivering exceptional, hands-on learning experiences around food, farming and the countryside from our home at the East of England Showground in Peterborough.

All events incorporate elements of the national curriculum, and are delivered by professionals in a fun and interactive environment.
